DEFINITIONS:

"Dispense" means to deliver a prescribed monitored prescription drug to a patient by or pursuant to the prescription order of a practitioner, including the compounding, packaging or labeling necessary to prepare the prescribed drug or device for delivery. However, a licensee does **NOT** dispense a monitored prescription drug if he or she administers it directly to a patient or if he or she merely writes a prescription to be filled elsewhere.

"Monitored prescription drugs" are State and Federal Controlled Substances in Schedule II, III, IV or V that require a prescription order to be lawfully dispensed.
